

## Press release

---

LINHARDT for the Cosmetic Industry:

# A Good Product, Well Packaged – our Decorative Strength

LINHARDT has been a strong partner of the cosmetic industry for decades. Its in-house pre-press with its own plate making (CTP), its own tool shop and a separate print trial machine for plastic tubes help our partners to quickly and efficiently develop their individual packaging.

Inspired by the diversity of our packaging, the great decoration options and the innovations of our R&D, your LINHARDT packaging becomes the centre of attention at the point of sale.
